

- 1 Define elastic potential energy
- 2 When an elastic band is relaxed is there energy in it's elastic potential energy store?
- 3 Describe the energy transfers when someone stretches an elastic band
- 4 Describe the energy transfers when someone lets go of a stretched elastic band
- 5 Describe the energy transfers when someone compresses a sponge
- 6 Describe the energy transfers when someone lets go of a compressed sponge
- 7 Define a chemical energy store
- 8 Which object stores more chemical energy: 1kg of water or 1kg of crude oil?
